(In the space provided below, please explain in detail the reasons for the delay in filing a proper reply.)

Under MPEP 711.03(c)(1)(A), Applicants respectfully submit that the Notice of Allowance in the above case mailed on 06/30/2008 was never received in the mail. Accordingly, Applicants respectfully request grant of the petition to withdraw the holding of abandonment and remail the Notice of Allowance on the basis of Unavoidable delay.

Practitioner's utilizes IP Master as a docketing system. Attached to this petition is a copy of the record for the above application. Specifically, the last activity docketed in this case was filing an RCE on 03/31/2008. Our procedures include stamping, scanning, and docketing all incoming mail. Practitioner has reviewed the incoming mail log from 06/30/2008 until 07/15/2008, and it did not include a Notice of Allowance for the present case.

Accordingly, Practitioner respectfully states that the Notice of Allowance mailed 06/30/2008 was not received at the correspondence address of record. Further, Practitioner has searched the file jacket for the present case, and it indicates the Notice of Allowance was not received. Practitioner has attached a copy of the front of the file jacket. In the normal course of business, all activity is logged on the front of the file jacket. If the Notice of Allowance had been received, it would be included on the front of the file jacket.

Respectfully Submitted,

Clements Bernard Miller
